Best Version of Me Workshop

Streaky Bay Area School- Year 8/9

Through this workshop, students were introduced to the foundations of emotional intelligence to support their personal development, wellbeing, and capacity to make a positive contribution within their school community. Each student received their own journal, introduced briefly during the session, which they can continue to use in their own time as a tool to explore and grow into the best version of themselves. Partnerships for 2026 now open.
